DO YOU/STAFF AND CHILDREN FIND ACTIVALL COMPETITIVE?

We asked 20 ActivAll Schools, how competitive do you find the cardio walls on a scale of 10/10.

10/10

FOR COMPETITIVENESS

TOP COMMENT

"I really enjoy the ActivAll boards because they help me with my reactions. My favourite game is cardio beat because it helps improve your speed and reaction and also have a competition and I want to beat my best score."

HAVE YOU SEEN AN INCREASE IN THE CHILDREN'S ACTIVITY, ESPECIALLY THOSE CHILDREN WHO USUALLY DO NOT LIKE TO TAKE PART IN PHYSICAL ACTIVITIES?

60%

40%

VERSATILE

“The ActivAll has been used both as part of PE lessons and as a lunchtime activity for the children who have absolutely loved using it. It is really engaging for all age groups and everyone has loved getting a chance to use it.”

MOTIVATIONAL

“The children who have used the Active walls have really enjoyed using them and get excited about using them so this motivates them to take part.”

REFOCUS AND REWARD

“ActivAll has been excellent in giving our SEBD pupils a break in routine, allowing them to refocus and go back to class ready to learn. It has encouraged pupils to participate in exercise who would of previously avoided it and been an excellent incentive in our rewards system.”

WHAT ARE YOUR OVERALL THOUGHTS OF ACTIVALL AND ITS PLACE IN A SCHOOL SETTING?

SCHOOLS REPORT

NOVEMBER 2020 | ACTIVALL.CO.UK

“AN EXCELLENT RESOURCE”

“The Activall has been a huge hit with the children at our school, all children from every year group have engaged in the Activall in some way or another both in PE and after school club. Small groups have used it for Sensory sessions, morning fitness as well as greatly improving mental and physical well-being.”

INCLUSIVE

“We particularly like that the games can be accessed by all children, regardless of ability. They are inclusive, fun and very engaging”

“GREAT ACTIVITY FOR LUNCH AND PLAYTIMES”

“It is a really easy way to get pupils active and engaged on a break and dinner time. They are also a great tool for pupils who need additional support/a break from the routines of the school day”

SEMH / SEND

“Fantastic! Especially for children with SEMH/SEND need. It is brilliant for brain breaks and for “punching” out anger!”

ACCESSIBLE

“Very easy to set up and the children have really enjoyed using it”

IMPROVEMENT

“ActivALL is perfect for a school setting. It helps to keep children active in a fun and engaging way. It is always a way to keep track of their fitness and how this improves over time.”

COMPETITIVE FOR ALL

“Absolutely amazing, everyone loves it! the teachers even get involved.”

MENTAL HEALTH

“It has been very beneficial for the children’s physical and mental health. They are really enjoying playing it and it has shown a great impact in their ability to focus and concentrate especially in the afternoons where concentration was previously lower.”

COVID FRIENDLY

“This is a good, challenging tool to help improve PE and activeness in schools. the children love it and we will look forward to using it even more freely when Covid restrictions make it more simple to use again.”
